

The Kidney Hypothetical: Or How to Ruin Your Life in Seven Days (Paperback)

By Lisa Yee

Arthur A. Levine Books, United States, 2016. Paperback. Book Condition: New. Reprint. 201 x 132 mm. Language: English . Brand New Book. Higgs Boson Bing has seven days left before his perfect high school career is completed. Then it's on to Harvard to fulfill the fantasy portrait of success that he and his parents have cultivated for the past four years. Four years of academic achievement. Four years of debate championships. Two years of dating the most popular girl in school. It was, literally, everything his parents could have wanted. Everything they wanted for Higgs's older brother, Jeffrey, in fact. But something's not right. And when Higgs's girlfriend presents him with a seemingly innocent hypothetical question about whether or not he'd give her a kidney, the exposed fault lines reach straight down to the foundations of his life.
