

## 2011 Fema Central States Disaster and Earthquake Preparedness Survey Report (Paperback)

By Federal Emergency Management Agency

Createspace, United States, 2013. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The area within the Central United States (CUS) (i.e., Alabama, Arkansas, Illinois, Indiana, Kentucky, Missouri, Mississippi and Tennessee) known as the New Madrid Seismic Zone (NMSZ) is at risk for experiencing a major earthquake. Although the CUS is not traditionally thought of as an earthquake-prone zone, the scientific community agrees that this area is a seismically active zone. To educate the residents of these states, the Central United States Earthquake Consortium (CUSEC), with support from the Federal Emergency Management Agency (FEMA), conducted six months of outreach from December 2010 to May 2011. This outreach (collectively referred to as Earthquake Outreach ) comprised several major initiatives, such as the anniversary of the 1811-1812 New Madrid earthquakes, the first Great Central U.S. ShakeOut and the 2011 National Level Exercise (NLE). The outreach from all these initiatives is collectively referred to as Earthquake Outreach throughout this report. To measure the effectiveness of this outreach, to gauge residents current preparedness behaviors and attitudes regarding the risk of experiencing an earthquake and to provide recommendations for increasing preparedness, FEMA s National Preparedness Assessment...
