See inside the book for access code and details. C# 5.0 Unleashed is for anyone who wants to learn the C# programming language in depth, understanding how language features truly work. While giving you those insights, you learn where and how to use the features to design various kinds of software. This book not only teaches the language's capabilities, it also looks behind the scenes to build a solid foundation to aid you in understanding the platform as a whole. Bart De Smet offers exceptional insight into the features of both the language and Microsoft's broader framework. He doesn't just cover the what and how of effective C# programming: He explains the why, so you can consistently choose the right language and platform features, maximizing your efficiency and effectiveness. The early chapters introduce the platform, the tooling ecosystem, and the C# programming language, followed by in-depth coverage of the C# programming language itself, with immediate application of language features. The last chapters give an...
