Excerpt: . . . 11 The Card memo and its implementation raise a number of con-cerns - some legal, others related more generally to whether the ad-ministration displayed a sufficiently healthy respect for the regu-latory process. Perhaps the most troubling aspect of the Card memo was its instruction regarding its third category - final rules that had been published but had not yet taken effect - a category applicable to two rules discussed later in this report: The roadless area conservation rule and the arsenic rule.
