By Brooke Walker, Mary Ellen Sweeney

Sourcebooks, United Kingdom, 2012. Paperback. Book

Condition: New. 279 x 213 mm. Language: English . Brand New Book. Kids are naturally curious about the many cultures and subcultures of the world. Exploring People and Cultures: Authentic Ethnographic Research in the Classroom taps into that interest by providing teachers of students in grades 5-8 with tools and activities for helping kids conduct a study of ethnic groups and cultures in the classroom. Through the more than 30 ready-to-use, differentiated lessons, teachers will help students learn how to recognize and understand the elements of culture; think critically, creatively, and confidently; practice and apply real-world research techniques in field experiences; identify behavioral themes and patterns present in modern-day cultures; and create, plan, and share their final products in a student-led ethnography fair. The lessons meld interdisciplinary themes in the social studies, language arts, and humanities content areas, while helping students prepare for upper-level research projects in a fun and interesting way.

Here is the finest ebook i have got read until now. It really is simplistic but excitement within the 50 percent in the book. Once you begin to read the book, it is extremely difficult to leave it before concluding.
