Observers who see the dominance of states in world politics as immutable reject the decline thesis. They dismiss the weakness of many states with the argument that most of these were never more than 1 quasi-states in the first place. Moreover, the contrast between states in Africa, for example, and the advanced post-industrial states of the developed world is so stark that assessments of the former seem to have little or no applicability to the latter. Consequently, arguments about the decline of the state tend to be dismissed - like reports of Mark Twains death - as somewhat premature. Certainly, it is too early to schedule a wake 2 for the sovereign-state system. The state remains the main construct for political allegiance and affiliation, the ostensible provider of security to its citizens, and the key organizing device for world politics. None of this is inconsistent with the notion that the Westphalian state system is in a long recession. States, having reached...
