This is the first book you will need if you know NOTHING about the stock market. A small book, simply written that can be understood by persons with a tenth grade education. No fancy math or equations, just straight truth as experienced by a diligent trader for six years. Not near everything you need to know, but a great starter for anyone planning to trade stocks to supplement their Social Security or add to their retirement account. An Important strategy to take money out of the market on a daily basis is disclosed. Things a novice investor needs to be aware of before they invest in stocks. Contents discuss Paper Trading scenarios, recommendations on required research. Maintaining a safe attitude. Keeping your sanity when your portfolio goes in the ash can and your portfolio is in flames. Things to learn completely before you ever invest your first dollar in real time trades. Finding and setting up a brokerage account that has Real-Time quotes in the Paper-Trading software. Setting up your chart studies for a clearer picture of stock actions throughout the year.
